Editor's Notes

We've all heard people say that the years of high school fly by and that you'll only realize this after they're gone. Many of us are now seeing this is true. Though the years are now history, they haven't been wasted. The class of 1998 created a collage of irreplacable memories, close friendships and unforgettable times collected here to cherish forever. We have tried to capture our collective high school experience with a twist of creativity within the pages of our yearbook, Our Wildest Dreams.

This year at T.F.H.S. we've taken an after-school activity -- yearbook and turned it into a ninety minute, five credit class. In this class, the yearbook staff was able to finish the pages with ease. The long hours after school were no longer needed primarily because of the Yeartech Computer program which was easy to use since all layout could be done right on the computer screen.

We've used music as a theme for the 1998 yearbook, weaving notes and lyrics from songs throughout it's pages. The song "In your Wildest Dreams" sets the tone, not only for our academic + athletic accomplishments, but for our personal achievements as well. Wildest Dreams, the publication you are now exploring, holds our friendships and memories created during our years here at T.F.H.S.

CLASS OF 1998 DEDICATION

Over the past few years the only thing that has remained the same for the class of 98' is our advisor, Mrs. Vicki Valley. She has seen us grow from a group of unsure, confused, and inexperienced Freshmen, into the confident, self-assured Seniors that we are today.

Mrs. Valley has done so much for our class from the very beginning. She has put her heart and soul into our class as a whole and also into each individual person. She has looked out for us and guided us through the most important years of our lives.

Mrs. Valley has given us the opportunity to make our own decisions when it comes to our class and if and when, we begin to slip or fall behind, she is always there to catch us.

Her efforts have paid off and can be measured in the success of our many fundraisers, the memory of our wonderful prom, our class trip, and the fact that the class of 98' will forever remain at T.F.H.S. with our class gift.

We would like to let her know, we are not only aware of all she has done over the past four years, but we are also sincerely grateful. Thank You for making our high school years unforgettable.

Thank You Always,
The Senior Class of 1998

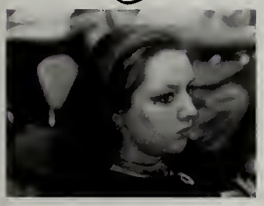
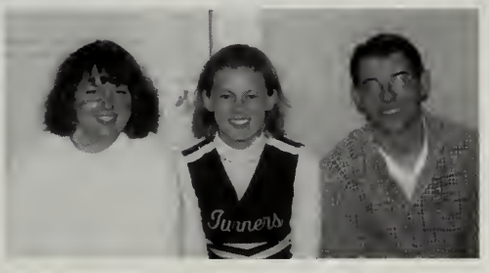
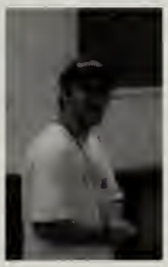
"This song has no title. Just words in a tune."







WES SNAPP

TAKEN FROM WRITINGS AND COMMENTS
OF HIS STUDENTS AND COLLEAGUES

We students will remember Mr. Snapp for the "Thoughts For the Day" that he wrote on the board in his room. It was comforting to know that each morning, Mr. Snapp would be thinking of us and asking us to ponder yet another idea in his vast reserve. A couple of favorites were:

> "The truth may hurt for a while, but a lie is agony for a lifetime."

> "Speak when you're angry and you'll make the greatest speech you'll ever regret."

And how can we forget "Rabbit Rabbit" on the first day of each month? It was hard to say it before he did, but if you succeeded, you were assured good luck in his class for the entire month.

Some found him to be a "cool guy" but for most he was a person who genuinely cared about us. He had a smile and a good morning for everyone and he was selfless, asking nothing in return for his beneficence. He supported us even after we left his course and entered the troubled waters of writing college essays. He would read and reread them, making suggestions until those essays were the best they could be.

Wes Snapp spent so many years with us at Turners Falls High School as our teacher, our colleague, and our swim coach, that it is difficult to face the future without him. But he would not want us to look backward in time: he taught us all to face the future without him. He would not want us to look backward in time: he taught us to seek the future, confidently.

CLASS OF 1998

Gretchen McAuliffe-President

These four years have flown by. Isn't that what everyone says? But it's true. Freshmen year seems like yesterday. Now we're Seniors and our times here are almost up.

Freshmen year....It was a struggle. We were in a new building with new people and a new class advisor. Mrs. Valley came to our rescue. She instilled a high standard for fundraising and class unity. Without her I don't know where our class would be. The Booster Day theme was decades. We chose to do the 1230's B.C. We made a huge sphinx and what were the othe things we made? We couldn't decipher them and neither could the judges. I guess that's why we didn't get first place. Liz Klaiber and Adam O'Sullivan represented our class, as knight and lady-in-waiting. After Booster day freshman life seemed to get eaiser. We began to feel part of the school.

Next came Sophmore year. This is when Mrs. Valley's fundraising values came in handy. We fundraised and fundraised. Afterall, we had the prom to pay for in the up and coming year. Carnations and magazines were the thing. Booster day was another disappointment. Our float didn't win. The theme was World War II. We chose to work on "Coming Home." Who could forget that float, with the red haired "Rosie the Riveter" and "The one legged Grandma?" That was a good float. Gretchen McAuliffe and Scott Sibley were our Duke and Duchess. By now, we were starting to think about college and life afte high school. Two years have already gone by.

Junior year....one step away from the top. Another chance at winning Booster Day had failed again. We made the float "Pac Man." Remember all those little ghosts and the huge yellow Pac Man. Sarah Felton and James Hall represented us as Princ and Princess. We began the year by picking out prom favors and colors. We had to give the prom this year and we knew we were going to make it great. Our choice of location was Wyckoff Country Club. We gave silver frames and keychains as favors. Our song was "I Will Remember You." It was a good prom. But as the end of the year came to an end, and we watched our Senior friends leave, we knew our last year was upon us.

Finally, SENIOR year!!!! We made it. (Hopefully) Right now we're all looking towards the future. What are we going to do after high school? Are we going to college? There are many questions we have had to answer and many decisions that have to be made this year. Our final chance at winning the float competition was overcome by the Sophomores. We brought to life th cereal "Lucky Charms." But I guess the *charms* weren't in our favor. Kristan Charest and Jay Burns were our Queen and King. Overall, we had fun all four years; papier macheing and cardboard cutting out, our floats. Senior Year isn't over yet. We still have some important functions to to get through. Our Senior trip is going to take place at Split Rock Resort, in the Poconos. Anc we still have to make it through Graduation.

Our times here were never bad as we say. We have had fun. But the days that remain for us here at T.F.H.S. are soon coming t an end and all we'll have to show for it are friends and memories.

We would personally like to thank Mrs. Valley for taking an interest in our class and standing by us. She has taught us many new things about the class and ourselves. We want to thank the Collettes for letting us invade their house for two weeks, while we constructed our floats. The same goes for the Kennedys. They let us take over their house for float making as well.

Our time is almost up and I wish each one of us luck in whatever we pursue. I hope we'll all become closer as the end draws near.

So when the connective tissue of the universe pulls on you and you are made to face death, know that death is simply a transition to another level of being , and life in infinite."

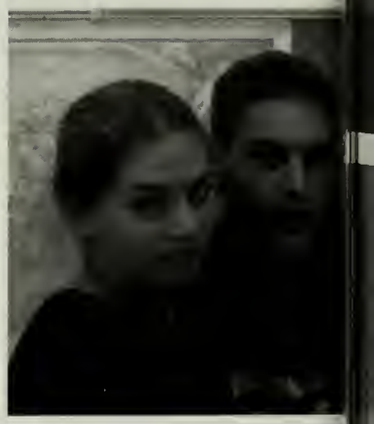
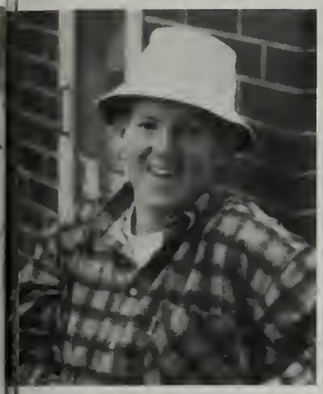
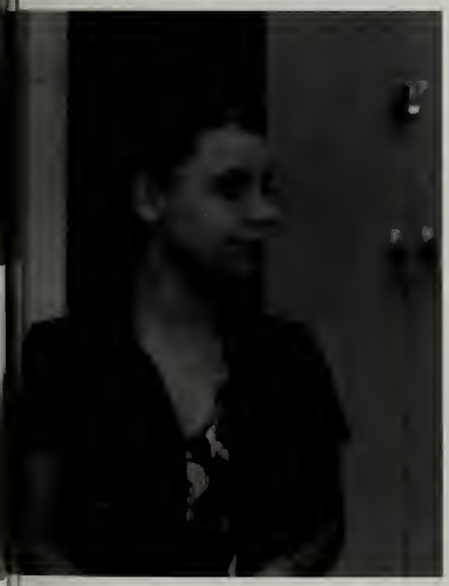
LEAN ON ME



" . . .I'LL BE YOUR FRIEND, I'LL HELP YOU CARRY ON. . ."



"... WE ALL NEED SOMEBODY TO LEAN ON."



The Class of 1999

President: Kristin Mullins, Vice-President: Andrea VanSickel, Secretary: Molly Block, Treasurer: Kate Edwards, Historian: Michelle Smith

Our Junior year has gone smoothly. The year started with float making. Although our Fruity Pebbles float didn't win first place, our class worked together and had a lot of fun. Our very deserving Prince, Chris Boutwell, escorted me, as Princess, at the Booster Day Rally and in the Parade.

Turkey Day came and went quickly. Although we didn't have a victory-we all had tons of spirit. Next year, we will take Greenfield by suprise.

Throughout the year, we had various fund raisers for our class. Again we cooperated as a class in the car wash, tag sale, can & bottle drive, and bake sale. Each was a success. We hoped to make enough money to give the Seniors a special night at the Prom in '98.

The last three years have slipped out of our grasp. We're now Juniors and many thought we would never get here in this short amount of time. It's that scary and exciting time in our lives where we (hope to) find out who we are and what we want to become. Choosing that next path in life may be college for many of us. Others can be successful in other ways. I wish everyone the best of luck in whatever you choose! Hang in there-it's almost over...

The Class of 2000

President: Elizabeth Girard, Vice-President: Grace Teruel, Secretary: Jaclyn Kanash, Treasurer: Halissa Delphin, Historian: Elizabeth Jason.

The sophomore class has had an exciting year. We have come a long way since freshmen year. First we started it off with a victory of winning 1st prize during the Booster Day Game for our float. We had our doubts and so did the other classes but we pulled through. Another highlight was our first fundraiser. Our water bottles were a hit. We have also grown closer as a class. When something needed to get done we forgot our differences and worked until the job was done to the best of our ability. The other officers and I are extremely proud of our accomplishments. Now that we are no longer the youngest and least experienced, we have become more confident and determined in what we can do. We are very excited as to what the next two years will hold for us.

The Class of 2001

Advisors: Lou Potorski, Joy Lapseritis, Co-Presidents: Kim Niedbala, Molly MacMunn, Vice-President: Jessica Brown, Secretary; Shaddai Bishop, Treasurer: Tia Prevett, Historian: Kim Guilbault

We left the 8th grade graduation feeling togetherness. For the first time since 6th grade we were all together. This time we were larger than Montague, Gill, and Erving combined; we were the class of 2001. Next it turned to shock as we suddenly realized we weren't in a "grade" anymore, we were a class.

We were leaving a place of familiarity to enter an unsure world of the unknown. We would take with us the questions when where and what.

We soon had to adjust to the label we now carried, Freshmen. Just a little while ago we were on the top, 8th graders, not caring what anyone thought. We were now at the bottom, wanting to gain acceptance.

As friends were separated, and scattered into different classrooms, new friendships were formed. Although we were taken from some, we were put with others we had never been with before. Crue and Falcons were now together. Our feeling of togetherness was soon forgotten as we drifted apart, formed new groups, and made new friends.

Some of us were brought back together during floatmaking and may not have realized we were being reminded of who we were by our float's theme, TOTAL. We are a whole on our way to becoming total or complete. This is what we are and will become throughout our high school years, as we discover who we are, who we want to be and where we fit in.

We will experience high school together as the class of 2001. We will stay together through laughter, tears, happiness, and saddness for these remaining years.

A Memory Test: 1. What did Ceasar do at the parks? 2. At what school and what type of computer was your first experience of key punching? 3. Barbie taught your 1st Jazz Dance, what was it, and where did you perform it? 4. Do you remember making friends, Z Morning Zoo, Mountain Park, Kid's Plays, and The Children's Museum? 5. Do you remember the day the dance instructor gave up, "You teach your Dad the Buffalo." 6. Do you remember making up my hair with kids' Bobby pins, I forgot about them, and we went to Papa Gino's?! -Oh well, I could go on & on. Good Luck in your future! Remember that you can be, or do anything you want, if you try hard enough. -LUV, DAD

Dear Kim(b), We are glad to have this "special" opportunity to let you know just how much we think of you. You have always been so much fun to have around, and through the years you have blended in to become a part of our family. -We have been the fortunate ones, for being allowed to share our lives with you. You know that we wish you all the good things in life, and we will always be here for our "other daughter." -Love, Sherry & Rod ("Mom" & "Dad" Demers)

Kimberly Marie

To Kim (Bright Eyes)-
Best wishes on your graduation. Keep up your creative energies. With your determination we know that you will succeed in all your endeavors. It has been fun to see & to share in your growing experiences. We love you-keep growing & learning-

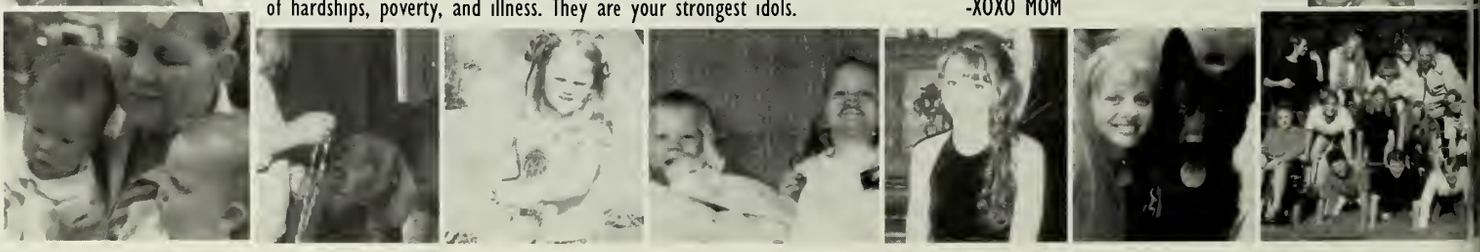
Gramma Uncle Ray
Aunt Sue Uncle Dan

Best wishes to all the class-
All your memories will be precious to you in the years to come.
-GOOD LUCK

Dear Kim(b),
A friend for so long. A friend through thick and thin. A friend who always took my side during snowball fights (hoit ya). A friend who never let me fall in the "lava" while we disarmed the "bomb." A friend who shared with me a balloon chase. And when we got older you became my best friend. A best friend who would help me with my problems and then ask me for my advice. And when no one was looking we seemed to have become sisters.
-Love, (Your Sister) Jo

"The Earth is my body, my head is in the stars."

So now you're almost 18! I know why you like animals. It must be all those trips to zoos, Florida, Illinois, Sea World, farms, and all those nieces and nephews (a total of 18) who always had pets. All your stuffed animals in your bedroom encouraged your interest. Will you be a Vet? -But, then again will you be an Artist? Always getting art supplies, trips to museums and drawing pictures at an early age. You even took an art class during the summer. -Or will you be a Cook, or Baker? Your job in a nursing home kitchen hopefully builds some skills other than dishwashing. -But, maybe your career will be in traveling. If you were a travel agent you could see Florida and go to Disney Land many times, and visit your family coast to coast. -Life isn't about making lots of money, but a career that builds the soul and develope skills to live and work with others. Who said life's a picnic? But then picnics are fun if conditions permit. If life brings you lemons you make lemonade. Life is a rollercoaster, when ups and downs exist, may you seek inspirations from women role models; who are mothers rich and poor, disabled, disadvantaged, elderly, survivors of hardships, poverty, and illness. They are your strongest idols. -XOXO MOM



TRAVEL ON

"When one of the Great Northern Geese gets sick, wounded or shot down, two geese drop out of formation and follow it down to help and protect it. They stay with it until it is able to fly again or dies. Then they launch out on their own to join another formation, or they catch up with their own flock. If we have as much empathy and loyality as geese, we too will stand by each other in difficult times, as well as when we are strong." (Great Northern Geese, Lesson IV)

As friends for a lifetime and brothers always, we will be a constant in this world of uncertainties.

Love, Jeremy

Todd:

As you close this chapter of your life we want you to know how proud we are of you and thank you for being such a valuable part of out lives. Remember: "We would not learn how to be brave and patient if there was only joy in the world." (Helen Keller)

We love you,

"Children...they come through you but not from you and though they are with you, they belong not to you. You may give them your love, but not their thoughts for they have their own. Seek not to make them like you, for life goes not backwards nor tarries with yesterday. You are the bows from which your children as living arrows are sent forth."
Kahlil Gibran
Jillian, our first child, you will always hold a special place in our hearts. The years have passed so quickly and you've made us proud in your journey to become the fine young woman that you are. What can we wish for you? That you have a loving heart, a joyful spirit and God's peace. As you leave us now to pursue your dreams, remember that we love you and we will always be here if you need us. "Doubt whom you will be but never doubt yourself." *Christian Bouce*

Love, Mom and Dad

Jill: I can't believe you are going off to college already. When you were born, I was a senior at TFHS and going off to college. It doesn't seem that long ago that you were running up and down my college dorm hallway and jumping off my bunk bed. I wish you great success in attaining your future plans and goals. Time is unending, but for you it's just begun.

I Love You, Aunt Carolyn

Jill: We've had our good and bad times. I know I haven't always been the perfect sister but I want you to know that no matter where your life takes you, I'll always be here for you. Have a great time in college! Now I get the good room (Ha Ha). I love you.

Always,
(Princess) Allyson

Jill:

You were our first grandchild. What a thrill it was for us. We have watched you go from tiny shoes and bonnets to dolls and make believe - from telephones, music friends and shopping sprees to now planning a future that's all your own. It's been a special pleasure to watch the way you've grown and we wish you all the success and happiness that life has to offer.

Janell,

So now you're a Senior, soon you will be a graduate.
This is not the last time you will have either of these titles.
You could be a Senior in college or a Senior partner and someday
will be a card carrying Senior eligible for Tuesday discounts.
You are already a graduate from a fine Elementary School and soon
a fine High School. You may again be a graduate from a college,
or actually be a graduate student at a college.
Looking back the time has passed so quickly.
From the first year to now, you as a person and we as a family have
experienced so much. Your mother and I gained a daughter that we wanted.
Your brother gained someone to love, then pick on, then grow to appreciate.
You've accomplished volumes for one so young.
Superlative moments in Elementary School Years: Brownies, T-Ball, School Plays,
School Band, Creative Writing, Dancing and more Dancing.
Through the Middle School and High School: more Dancing, Marching Band, Jazz Band,
Plays, Musicals, Chorus, S.A.D.D., Drama Club, Cheering,
and Spartans Drum & Bugle Corps,
life was never slow paced.
Looking ahead there is still so much to do and much that will or might happen.
Set your goals high and reach above yourself.
Follow your dreams and use your talents.
Believe in yourself and others will too.
Trust in yourself, your good judgement has already been proven.
We will always be here to help when needed, but your success will be your own.
We can only hope for the best for you.
While we will miss the constant involvment in your life through High School,
we know, as you know, that it is time to move on.
Time to go out and seek your place in the world. Time to be off.
Good Luck and may life be sweet to you...

Love,
Mom and Dad

Congratulations *"Jackie"* on all your accomplishments.

We're very proud of you, your committmentt &
responsibilty in achieving your goals.

"And after awhile you learn that even sunshine burns if you get to much.
So plant your own garden and decorate your own soul

And you learn and learn
With every goodbye you learn." - *Veronica A. Shotstall*

Neither Out Far Nor In Deep
by *Robert Frost*

The people along the sand
All turn and look one way.
They turn their back on the land.
They look at the sea all day.

As long as it takes to pass
A ship keeps raising it's hull;
The wetter ground like glass
Reflects a standing gull.

The land may vary more;
But what ever the truth may be-
The water comes ashore,
And the people look at the sea.

They cannot look out far.
They cannot look in deep.
But when was that ever a bar
To any watch they keep?

RICH
LUIPPOLD

From the baby I held in my arms, to the the young man I look up to now, you have filled my life with more happiness and love than I ever thought was posible. Richie, you have exceeded all hopes, dreams, and expectations of the person I always wanted you to become.

With Love and Pride,

Rich,

LUKEY-DUKEY

NASCAR RACING

Luke,

To my little brother who has always been there for me, even when we argued. We argued a lot; about who was going to sit in the front seat when we went to get Mom, when we traded toys and Mom made us trade back, about which T.V. show to watch, and when we wrestled and got really angry at each other.
I have always felt that you were on my side when I had trouble in school or on the bus. I sometimes felt that you were the big brother and I was the younger one. You were there for me when I needed you and I love you.

Tom

Luke,

We are so proud of the young man that you have become. From a shy little boy you have become a loyal, fun loving man. Anyone would be proud to call you friend.
Dad and I know that anything that you want to do, in the future, you will do with enthusiasm and dedication. You have helped to make this a caring and loving family.
